ABOUT ME

Professor Ousmane THIARE has spent most of his academic and professional career at **Gaston Berger University (GBU)** of Saint-Louis Senegal, an institution of excellence created in January 1990 and Senegal's second public university.

Ousmane THIARE joined GBU in October 1994 and obtained a Diploma of Advanced Studies (DEA) in Applied Mathematics in 2000, after a clear course of study.

In 2002, he decided to strengthen his knowledge outside Senegal, notably at the Polytechnic School of the François Rabelais University of Tours (Polytech'Tours), where he obtained a second DEA, this time in Computer Science. He finished his studies in France with a PhD in Computer Science at the CY Cergy Paris University in 2007.

In parallel to this brilliant career, Ousmane THIARE was already teaching courses at the same university that so brilliantly trained him, GBU. He was first a full-time Computer science Assistant in 2002, a full-time Assistant Professor in 2008 and then an HDR Senior Lecturer in Computer science between 2010 and 2015. He continues this teaching experience in Nigeria at the African University of Science and Technology (AUST) in Abuja where he has been an Associate Professor since April 2014.

It is in July 2015, that he is consecrated Full Professor of Universities at GBU. In April 2021, Ousmane THIARE becomes a Full Professor of the Universities of Exceptional class !

In addition to this academic experience, Ousmane THIARE was Head of the Computer science department at the Faculty of Applied Sciences and Technology (UFR SAT) between 2007 and 2009, Coordinator of the Post-Graduate in Computer Science in 2011 and then in 2013, Director of the Ousmane Seck Computer Centre. The IT Computing centre has a teaching, research and training mission. It is also responsible for the implementation of the University's computerization program.

Appointed Expert Evaluator of the National Authority for Quality Assurance in Higher Education (ANAQ-Sup) since 2014, he was also a member of the Scientific and Pedagogical Council of the Doctoral School of Sciences and Technologies of GBU between 2014 and 2019.

Professor THIARE has also been the Director of the African Centre of Excellence for Mathematics, Informatics and Information and Communication Technologies (ACE-MITIC) between 2017 and 2020. ACE-MITIC is an ambitious World Bank project with a budget of USD 8 million to change the dynamics of access to employment by training a quality workforce while connecting all actors, applicants and other service providers in the fields of Mathematics, Computer Science and Information and Communication Technologies (ICT). Areas in which Gaston Berger University and its Professor have proven expertise.

It is on the strength of this rich but comprehensive experience that Professor Ousmane THIARE was appointed, in May 2018, Rector of Gaston Berger University of Saint Louis, President of the University Assembly. As Rector, President of the University Assembly, he is in charge of the study programs at Gaston Berger University. It shall exercise the management function of the University and shall be responsible for the formulation and implementation of appropriate policies and operational decisions relating to the higher education institution, and in accordance with the University's strategic plan. He is responsible for the implementation of innovative programs and the adoption of new advanced technologies by the University in order to make it competitive on a global scale. It is responsible for establishing and maintaining mutually beneficial relationships with educational and research institutions, government institutions,

commercial enterprises, industrial, professional, social, civil society and cultural institutions at the regional and international levels.

In December 2021, Professor Ousmane THIARE was elected Full Member of the **National Academy of Sciences and Techniques of Senegal (ANSTS)** in the Fundamental, Applied and Innovation Sciences Section (FAISS).

However, Ousmane THIARE remains active in research in his preferred fields, namely: distributed systems, distributed resource management, computing grids, cloud computing, mobile ad hoc networks, wireless sensor networks and the Internet of Things (IoT). His various works are published in numerous international journals and conferences that can be discovered by browsing his ⇒ [web page](#).

CURRENT POSITIONS

2018- Date **Vice-Chancellor (Rector) Gaston Berger University of Saint-Louis Senegal**

- To represent the University in all bodies as President of the Assembly;
- Conclude agreements, contracts or other arrangements between the University and other institutions of higher education competent bodies for educational, research, management or funding purposes;
- Supervising all university programs;
- Coordinate the development of a strategic plan for the operational implementation of GBU and ensure that it is translated into appropriate and realistic goals and objectives to be implemented smoothly and successfully.

2022- Date **Director of publication of Journal Global Africa** GASTON BERGER UNIVERSITY OF SAINT-LOUIS SENEGAL

2021- Date **Full Professor of Exceptional class in Computer Science** DEPARTMENT OF COMPUTER SCIENCE - FACULTY OF APPLIED SCIENCES AND TECHNOLOGY - GASTON BERGER UNIVERSITY OF SAINT-LOUIS SENEGAL

- Implementation of research projects;
- Organization of seminars;
- Supervise PhD thesis;
- Teaching in different modules.

2021- Date **Elected member of National Academy of Sciences and Techniques of Senegal (ANSTS) Fundamental, Applied and Innovation Sciences Section (FAISS)** NATIONAL ACADEMY of SCIENCES and TECHNIQUES of SENEGAL

- Assist and advise the Senegalese State and public and private institutions in the definition and implementation of the National Science and Technology Policy;
- Encourage scientific research, to initiate, impulse and develop programs in the fields of Science and Technology;
- Contribute to the promotion and valorization of the results of Research;
- Stimulate scientific vocations among young people and women;
- Facilitate exchanges with similar organizations;
- Award prizes and scholarships to persons who have distinguished themselves by their work;
- Contribute to the development of scientific culture and to the rapprochement between Science and Society.

- 2021- Date **Committee Research Member and Fellow** **Pan-African Scientific Research Council**
- 2016- Date **Expert evaluator ANAQ-Sup** MINISTRY OF HIGHER EDUCATION, RESEARCH AND INNOVATION SENEGAL
- Evaluate and accredit training programs in Senegalese universities.
- 2013- Date **Researcher at UMMISCO** MATHEMATICAL and COMPUTER MODELLING UNIT of COMPLEX SYSTEMS
- 2015- Date **International expert in institutional assessment of training courses and / or research programs** CAMES (AFRICAN AND MALAGASY COUNCIL FOR HIGHER EDUCATION)
- Evaluate and accredit international training programs in the CAMES space universities.
- 2013- Date **Associate Professor in Computer science** AFRICAN UNIVERSITY OF SCIENCE AND TECHNOLOGY
AUST Abuja Campus Nigeria

PAST POSITIONS

- 2015- 2021 **Full Professor in Computer Science (GAMES/LAFPT 2015)** DEPARTMENT OF COMPUTER SCIENCE - FACULTY OF APPLIED SCIENCES AND TECHNOLOGY - GASTON BERGER UNIVERSITY OF SAINT-LOUIS SENEGAL
- Implementation of research projects;
 - Organization of seminars;
 - Supervise PhD thesis;
 - Teaching in different modules.
- 2017-2020 **Director of ACE-MITIC** GASTON BERGER UNIVERSITY OF SAINT-LOUIS SENEGAL
- Enable students to have an adequate training environment with high-level computer, electronics and telecommunications laboratories;
 - Enable research teachers to enhance their skills in training and research;
 - Integrate Mathematics and ICT into a research / training center with institutions, research centers, private companies and other relevant partners.
- 2018-2021 **Scientific and Technical Director** EUROPEAN RESEARCH PROJECT (ID: 780229 - H2020-ICT-2017-1)
WAZIHUB: Accelerating Open IoT and Big Data Innovation in Africa
- 2016-2019 **Scientific and Technical Director** EUROPEAN RESEARCH PROJECT (ID: 687607 - H2020-ICT-2015)
WAZIUP: Open Innovation Platform for IoT-Big Data in Sub-Sahara Africa

- 2010-2015 **Associate Professor in Computer Science (GAMES/LAFMC Cote A)** FACULTY OF APPLIED SCIENCES AND TECHNOLOGY - GASTON BERGER UNIVERSITY OF SAINT-LOUIS SENEGAL
- Implementation of research projects;
 - Organization of seminars;
 - Supervise PhD thesis;
 - Teaching in different modules.
- 2014-2019 **Member of the Scientific and Pedagogical Council of the Doctoral School Sciences and Technologies** GASTON BERGER UNIVERSITY OF SAINT-LOUIS SENEGAL
- Assign research grants in the different disciplines;
 - Propose and select candidates for the different prizes;
 - Validate and follow the different teaching modules;
 - Implementation and follow-up of PhD Thesis.
- 2013-2018 **Coordinator** of the Faculty of Basic and Applied sciences at **USSEIN** UNIVERSITY OF SINE-SALOUM EL HADJI IBRAHIM NIASS OF KAOLACK (USSEIN) SENEGAL
- Implementation of USSEIN;
 - Establishment of the Faculty of Basic and applied sciences;
 - Implementation of new training offers;
 - Implementation of training models and syllabus.
- 2012-2014 **Coordinator of the MSc. in Computer Science** FACULTY OF APPLIED SCIENCES AND TECHNOLOGY - DEPT. OF COMPUTER SCIENCE - GASTON BERGER UNIVERSITY OF SAINT-LOUIS SENEGAL
- Establish timetables and organize pedagogical distribution;
 - Supervise the updates, the management of the rooms in connection with the secretariat;
 - Supervise the monitoring of absences;
 - Organizing graduation juries.
- 2013-2016 **Director of the IT Computing Center** GASTON BERGER UNIVERSITY OF SAINT-LOUIS SENEGAL
- Definition and Implementation of the University's IT Policy;
 - Establishment of partnerships;
 - Implementation of IT projects;
 - Search for funding;
 - Project manager for the implementation of the GIS of the University;
 - Implementation and management of all the university's collective IT resources, and ensuring their coordination with regional and national networks;
 - Ensure the coherence of all IT resources (hardware, software, human resources) of the University;
 - Development of the institution's IT standards and norms, compatible with the recommendations of the national working groups;
 - Participate in the preparation of the establishment contract with regard to IT resources;
 - Management of the IT team.

2007-2009 **Head of the Computer Science department** FACULTY OF APPLIED SCIENCES
AND TECHNOLOGY - DEPT. OF COMPUTER SCIENCE - GASTON BERGER UNIVERSITY OF
SAINT-LOUIS SENEGAL

- Ensure the organization and operation of the teaching;
- Collaborate with educational managers;
- Supervise knowledge assessments;
- Organizing graduation juries.

2008-2010 **Assistant Professor in Computer Science (CAMES/LAFMA Cote A)** FACULTY
OF APPLIED SCIENCES AND TECHNOLOGY - DEPT. OF COMPUTER SCIENCE - GASTON
BERGER UNIVERSITY OF SAINT-LOUIS SENEGAL

- Provide supervised and practical work of some of the courses taught;
- Teaching some modules;
- Supervising students.

2005-2008 **Assistant Lecture (Tenure) in Computer Science** FACULTY OF APPLIED SCIENCES
AND TECHNOLOGY - DEPT. OF COMPUTER SCIENCE - GASTON BERGER UNIVERSITY OF
SAINT-LOUIS SENEGAL

- Provide supervised and practical work of some of the courses taught.

2002-2005 **Assistant Lecturer in Computer Science** FACULTY OF APPLIED SCIENCES
AND TECHNOLOGY - DEPT. OF COMPUTER SCIENCE - GASTON BERGER UNIVERSITY OF
SAINT-LOUIS SENEGAL

- Provide supervised and practical work of some of the courses taught.

EDUCATION

2003-2007 **Ph.D. in Computer Science** DEPARTMENT OF COMPUTER SCIENCE
CY Cergy Paris University France

2001-2002 **Post-Graduate (DEA) in Computer Science** POLYTECH' TOURS
University François Rabelais of Tours France

1999-2000 **Post-Graduate (DEA) in Applied Mathematics** UFR MAI
Gaston Berger University of Saint-Louis Senegal

1998-1999 **Graduate (AEA) in Applied Mathematics** UFR MAI
Gaston Berger University of Saint-Louis Senegal

1997-1998 **M.Sc. (Maîtrise) in Applied Mathematics** UFR MAI
Gaston Berger University of Saint-Louis Senegal

1996-1997 **B.Sc. (Licence) in Applied Mathematics** UFR MAI
Gaston Berger University of Saint-Louis Senegal

1995-1996 **Associates Degrees II (DEUG II) in Applied Mathematics** UFR MAI
Gaston Berger University of Saint-Louis Senegal

1994-1995 **Associates Degrees I (DEUG I) in Applied Mathematics** UFR MAI
Gaston Berger University of Saint-Louis Senegal

RESEARCH INTERESTS

- Internet of Things (IoT)
- Wireless Sensor Networks (WSN)
- Mobile and Ad Hoc Networks (MANET)
- Parallel and Distributed Systems

- Peer-to-Peer (P2P) Systems
- Routing and Data replication
- Grid and Cloud computing
- Circular economy

RESEARCH PROJECTS

- 1 Scientific and Technical Director** at Gaston Berger University of the European Research Project (ID: 780229 H2020-ICT-2017-1) "**WAZIHUB: ACCELERATING OPEN IoT AND BIG DATA INNOVATION IN AFRICA**".
Estimated Project Cost: 2,367,606.88 €. 2018-05-01 - 2021-07-31.
- 2 Director** of the African Center of Excellence for Mathematics, Informatics and Communication Technologies (**CEA-MITIC**).
Project funded by the World Bank. Estimated Project Cost: 8 million US Dollar. 05-04-2017 - 31-03-2020.
- 3 Scientific and Technical Director** at Gaston Berger University of the European Research Project (ID: 687607 H2020-ICT-2015) "**WAZIUP: OPEN INNOVATION PLATFORM FOR IoT-BIG DATA IN SUB-SAHARA AFRICA**".
Estimated Project Cost: 2,799,662.50 €. 2016-01-01 - 2019-01-01.
- 4 Research Project Leader** of "Wireless Sensor Networks applied to large-scale environmental surveillance of insects invasion in Sub-Sahara Africa". Research project funded by FIRST (Fond d'Impulsion de la Recherche Scientifique et Technique).
Funding of 30,000 €. 2013-01-06 - 2017-31-05.
- 5 Member of the Research Project** "Wireless Sensor Networks and RFID technology against cattle theft".
Research project funded by FIRST (Fond d'Impulsion de la Recherche Scientifique et Technique). Funding of 25,000 €. 2014-12-05 - 2016-12-05.
- 6 Project Partner** "Implementation of socio-economic infrastructure for distributed development approach knowledge".
Funding Unesco-HP: US Dollar 45,000 on 2010-2012 and AUF 49,600 € on 2012 - 2013.
- 7 Research Project Leader** of "Wireless sensor networks for precision agriculture and food security".
Project submitted to the FIRST (Fond d'Impulsion de la Recherche Scientifique et Technique) program funding 30,000 €.

DOCTORAL STUDIES

Ph.D. IN COMPUTER SCIENCE

DISSERTATION TITLE: GROUP MUTUAL EXCLUSION IN DISTRIBUTED SYSTEMS

ABSTRACT:

Group mutual exclusion is an interesting generalization of the mutual exclusion problem. This problem was introduced by Joung, and some algorithms for the problem have been proposed by incorporating mutual exclusion algorithms. Group mutual exclusion occurs naturally in a situation where a resource can be shared by processes of the same group, but not by processes of different groups. It is also called the "congenial talking philosophers problem". An example of application interesting is a CD jukebox (documentation, films...) on Internet : several users wishing to reach same CD will be able to do it at the same time instead of awaiting the end of the request of the other users.

Effective solutions, written in the message passing model and based on the quorums on the one hand and the circulation of token on the other hand are presented in this thesis. We tackle also the problem of the mutual exclusion of group on the ad hoc mobile networks and we have proposed an algorithm which is sensitive to link formation and link breaking and thus which is suitable for ad hoc mobile networks.

Keywords: Mutual exclusion, Group mutual exclusion, Quorum, Ad Hoc Networks.

Defended on June 25th, 2007 to Paris in front of the following committee:

First and last name	Title	University	Role
Christian LAVALT	Professor	University of Paris 13	Chairman
Jean Frederic MYOUPPO	Professor	University of Amiens Picardie Jules Verne	Referee
Abdelmadjid BOUABDALLAH	Professor	U.T.C Compiègne	Referee
Mohamed NAIMI	Professor	CY Cergy Paris University	Supervisor
Mary TEUW NIANE	Professor	Gaston Berger University of Saint-Louis	Inspector
Mourad GUEROUI	Professor	University of Versailles Saint-Quentin	Inspector
Laurent AMANTON	Professor	University of Le Havre	Inspector

THESIS MASTER II COMPUTER SCIENCE: Databases

Dissertation Title: Association rules, under the supervision of Professor Arnaud Giacometti

THESIS MASTER II NUMERICAL ANALYSIS: Partial Differential Equations (PDE)

Dissertation Title: Exact Controllability of viscoelastic bodies, under the supervision of Professor Abdou Sene

MEMORY MASTER I APPLIED MATHEMATICS: Numerical analysis

Project Title: Grid of polygonal field of \mathbb{R}^2 , under the supervision of Professor Samuel Ouya

April, 10-11 2017
- **Visiting researcher**
LIUPPA Lab.
University of Pau France
April, 03-09 2017
- **Participation Workshop: Capacity building on syllabus development and production**
University of Sine-Saloum El Hadji Ibrahim Niass (USSEIN) Senegal
Kaolack - Senegal
March, 13-17 2017
- **Participation Workshop: Competency approach**
University of Sine-Saloum El Hadji Ibrahim Niass (USSEIN) Senegal
UCAD - Senegal
February, 08-12 2016
- **Full Professor in Computing science**
Gaston Berger University of Saint-Louis Senegal Jul. 2015-Present.
 - Implementation of research projects;
 - Organization of seminars and conferences;
 - Supervision of Ph.D. Thesis and Master Thesis;
 - Teaching in different modules.
- **Director of the IT Computing Center**
Gaston Berger University of Saint-Louis Senegal Nov 2013-Nov 2016.
 - Definition and Implementation of the IT policy of the University;
 - Establishment of partnerships;
 - Implementation of IT projects;
 - Research funding;
 - Project Manager for the implementation of GIS at the University;
 - Management of the IT team.

- **Associate Professor in Computing science**
Gaston Berger University of Saint-Louis Senegal 2010-2015.
 - Implementation of research projects;
 - Organization of seminars and conferences;
 - Supervision of Ph.D. Thesis and Master Thesis;
 - Teaching in different modules.
- **Member of the Scientific and Pedagogical Council of the Doctoral School Sciences and Technologies**
Gaston Berger University of Saint-Louis Senegal 2014-2017.
 - Allocate research grants in the various disciplines;
 - Proposing and selecting candidates for different prizes;
 - Validate and monitor the various teaching modules;
 - Setting up monitoring thesis.
- **Coordinator of the M. Sc in Computer Science**
Gaston Berger University of Saint-Louis Senegal Oct. 2011-Oct. 2013.
 - Establish schedules and organizes educational distribution;
 - Oversee updates, room management in connection with the secretariat;
 - Oversee the monitoring of absences;
 - Organize diploma award juries.
- **Head of the Computer Science department.**
Gaston Berger University Saint-Louis - Senegal. 2007-2009
 - Ensure the organization and operation of education provided;
 - Work with education officials;
 - Supervise knowledge assessments;
 - Organize diploma award juries.
- **"Benchmarking mission to Canada on services dedicated to the national grid for Education and Research in Senegal"**
PGF-SUP Ministry of Higher Education and Research UQAM Montreal. December 05-15 2014
- **"Assessor member of the selection of proposed projects funding by FIRST (Fond d'Impulsion pour la Recherche Scientifique et Technique)"**
Ministry of Higher Education and Research Senegal. February 2014
- **1st "African Ministerial Forum on ICT integration in Education and Training"**
Hotel Ramada Plaza Tunis. December, 9-11 2013
- **Panelist of the Workshop "Doctoral Education and E-supervision"**
University Oberta of Catalunya Barcelona - Spain. 2013
 - Present and discuss the importance and pertinence of e-supervision and the academic challenges and opportunities involved;
 - Analyse the use of Personal Learning Environments for Doctoral Students (PLEDS) as new models of effective e-supervision;
 - Share concrete experiences and practice in the field of e-supervision: how does it work; what are the basic principles that should guide e-supervision; what are the challenges (advantages and opportunities or difficulties);
 - Identify the institutional actors to involve (programme designers, professors, students and administrators);
 - Debate challenges and possible solutions to develop successful e-supervision.
- **Workshop Project "HP-UNESCO Brain Gain Initiative"**
CSIR Meraka Institute Pretoria - South Africa. 2011

- Site Administration and Deployment;
 - Basic User Training;
 - Grid Portals and Application Gateways;
 - Registration Authority assignment;
 - Application and cloud computing development.
- **3rd "Euro-Africa Cooperation Forum on ICT Research"**
VTT Finland Helsinki - Finland. 2010
 - **"HP-UNESCO Project to contain Brain Gain in Africa"**
University of Johannesburg Johannesburg - South Africa. 2009
 - Configuring Proliant Server and Array Hardware;
 - Installing Operating System and Server Support Hardware;
 - Storage Solutions for Proliant Server;
 - Troubleshooting Proliant Motherboards;
 - Grid Computing.
 - **Postdoc Research 10 month, PRISM Lab.**
University of Versailles St Quentin en Yvelines Paris. September 2009-May 2010
 - **Certificate of the Institute of Mathematical Sciences.**
University Kuame Nkrumah Accra - Ghana. 2003
 - **Assistant engineer, Department of Computer Science.**
University François Rabelais Tours - France. 2001-2002
 - **Free-Lance Assistant teacher, Department of Applied Mathematics.**
Gaston Berger University Saint-Louis - Senegal. 2000-2001
 - **Treasurer Mathematical Society of Senegal.**
University Cheikh Anta Diop Dakar - Senegal. 2000-2001

TEACHING

- 1 **Emerging technologies**, Master II Computer Science, Department of Computer science, Faculty of Applied Science and Technology, Gaston Berger University of Saint-Louis Senegal
- 2 **Wireless and Distributed Systems**, Master II Computer Science, African University of Science and Technology, Abuja Campus Nigeria
- 3 **Distributed Algorithmic**, Master I Computer Science, Department of Computer science, Faculty of Applied Science and Technology, Gaston Berger University of Saint-Louis Senegal
- 4 **Concurrent and Parallel Programming**, Master II Computer Science, Department of Computer science, Faculty of Applied Science and Technology, Gaston Berger University of Saint-Louis Senegal
- 5 **Distributed Algorithmic**, Master II Computer Science, Department of Computer science, Faculty of Applied Science and Technology, Gaston Berger University of Saint-Louis Senegal
- 6 **Graph Theory**, Master II Master II Computer Science, Department of Computer science, Faculty of Applied Science and Technology, Gaston Berger University of Saint-Louis Senegal
- 7 **Distributed Systems**, Master II Computer Science, Department of Computer science, Faculty of Applied Science and Technology, Gaston Berger University of Saint-Louis Senegal

- 8 **Distributed applications**, MADSI I Computer Science, Department of Computer science, Faculty of Applied Science and Technology, Gaston Berger University of Saint-Louis Senegal
- 9 **Mathematics for Computer science**, Bachelor Computer Science, Department of Computer science, Faculty of Applied Science and Technology, Gaston Berger University of Saint-Louis Senegal
- 10 **Computing engineering**, Bachelor Computer Science, Department of Computer science, Faculty of Applied Science and Technology, Gaston Berger University of Saint-Louis Senegal
- 11 **Numerical Methods for PDE**, Master I Applied Mathematics, Department of Computer science, Faculty of Applied Science and Technology, Gaston Berger University of Saint-Louis Senegal
- 12 **Data Analysis**, Bachelor in Computer Science and MAIF, Department of Computer science, Faculty of Applied Science and Technology, Gaston Berger University of Saint-Louis Senegal
- 13 **Operational research**, Bachelor in Computer Science and MAIF, Department of Computer science, Faculty of Applied Science and Technology, Gaston Berger University of Saint-Louis Senegal
- 14 **Algorithmic I**, Associates Degrees (DEUG I) MAI-MPI-MASS, LPGI I, Department of Computer science, Faculty of Applied Science and Technology, Gaston Berger University of Saint-Louis Senegal
- 15 **Algorithmic II**, Associates Degrees (DEUG II) MAI-MPI-MASS, Department of Computer science, Faculty of Applied Science and Technology, Gaston Berger University of Saint-Louis Senegal
- 16 **Language C**, Associates Degrees (DEUG II) MAI-MPI-MASS, Department of Computer science, Faculty of Applied Science and Technology, Gaston Berger University of Saint-Louis Senegal
- 17 **Computer Science**, Master I Economics, University Cheikh Anta Diop of Dakar Senegal
- 18 **Analysis**, Associates Degrees (DEUG I and II) Economics, University Cheikh Anta Diop of Dakar Senegal

The table below shows all of my teaching activities.

Course	Public	Type of education
Emerging technologies	MSc.	Lecture, Practical work
Distributed systems	MSc.	Lecture
Distributed algorithmic	MSc.	Lecture
Concurrent and Parallel Programming	MSc.	Lecture
Distributed and Wireless systems	MSc.	Lecture
Distributed algorithmic	MSc.	Lecture
Graph theory	MSc.	Lecture
Distributed applications	MSc.	Lecture, Tutorial, Practical work
Data Analysis	BSc.	Lecture, Tutorial, Practical work
Mathematics for Computer science	BSc.	Lecture, Tutorial
Computing engineering	BSc.	Lecture, Tutorial, Practical work
Language C	BSc.	Tutorial, Practical work
Algorithmic	BSc.	Lecture, Tutorial, Practical work
Algorithmic 2	BSc.	Tutorial, Practical work

PROGRAMMING LANGUAGES, OPERATIONAL SYSTEMS, SOFTWARES

- **LANGUAGES**

- Python, Java, Spin, C/C++, Pascal, Fortran, SPSS, NS2, L^AT_EX, R, Omnet++

- **PACKAGES**

- Castalia, MATLAB, Maple, Scilab

- **SYSTEMS**

- Windows XP/Seven/Server 2008, Linux (Debian)

- **NETWORKS**

- LAN, WLAN, IP Protocol, WSN

- **WORD PROCESSING**

- Word, Excel, Open Office, Xfig

CENTER OF INTERESTS

- Literature, New technologies, Sport, Video games
